JM

“ Antonio Corpus Resurreccion

*Born in 1931, passed away March 12 2024 @ 92 years old.*

*My Dad AKA Tony, Rex, Anton, Amigo and Bigote*

*Is Proud Rotatian, Proud Eucaristic Ministry, Proud MIT Mapuan, Proud Ilocano of Ilocus Sur. So Proud of all his Children and Apo.*

*Papa was so independent that he did not like any body to help and care for him and my mom.*

*Papa took good care of my my Mom for 63 years up to the end of his life. He was so independent that he was so proud and told me that at 92 he perfected the California Driving test and eye exam and still gave him 5 more years to drive. I always remember when we were young the he always wanted everyone to eat together during Sunday and to have an open Conversation, to allow everyone to express their opinion.*

*He also like to tell stories to my kids that he was 9 years old during the WWII, how proud and brave the Philippine Scouts Ranger during the War. Him and his Dad helped by provided food and water during the war.*

*Dad was a Civil Engineer that even 2 days before he passed, he was still asking me to get a pen and paper so he can show me how to calculate Building Wall and Foundation Calculations to the Exact Amount and proper Construction.*

*I will always remember my Papa and our argument regarding Civil Engineering and Architecture method of construction. I will miss you papa. You were a great dad and grandpa to my kids. May you rest in peace.*

*Your son, Jose Mari*
