“ *Thank you Dr. Popky, you taught me DeTur process with EMDR. You were a good man and talented therapist. I appreciate that you were creative enough to devise your special method of habit-breaking.*

*My brother just now told me you are gone
I was so glad to see you tho sad time for dad's funeral on Zoom. I think
I emailed you about how for years was on wait lists for emdr and never
got and also wanted to quit smoking whichy mom did in 70s decades
before she passed
I will always remember as a kid visiting you in NYC and seeing bars on
window first time. And Charles as a teen on James st. I've had such a
lonely and trauma life , which no relatives knew about . Been in such
shock losing so many and grieving alone live alone no peers , I didn't
even think to call him again. Much respect . Service to others indeed
you succeed. Js Krohn*
