“ In addition to being smart and educated, she was generous and kind to so many. A friend one could rely on. I miss her so very much.

“ What a brilliant, vibrant, fun, funny, fascinating person; Brooke was a joy as my roommate and best pal throughout college and beyond. I regret living so far away for so many years and am deeply saddened by her loss. If there is a memorial service, I would love to share stories--the Brooke lore. She was a gem. My deepest condolences to her family.
