

Cynthia Priscilla Castillo

November 28, 1984 - December 25, 2024

It is with great sorrow that we announce the passing of our beloved Cyndi, who left this world on Christmas Day 12/25/2024. Cyndi was a beloved mother, daughter, sister, and friend who touched the lives of all who knew her with her kindness, strength, and unwavering love.

She leaves behind her five loving boys, Anthony, Damien, Xavier, Andrew and Little Ruben. They were her pride and joy, and her love for them was boundless and unconditional.

Cyndi was preceded in death by her loving mother, Maria and her brother, Joey. Her memory will live on in the hearts of her family and all who were fortunate enough to know her.

Her family finds comfort in knowing that she has been reunited with her mother and brother, but her absence leaves a deep void.

A celebration of Cyndi's life will be held on 01/10/2025 at Rose Services in Bellflower at 6:00PM. Family and friends are invited to honor her memory and share their stories of love and laughter.

She will be deeply missed but lovingly remembered forever.

“ One of the hardest things to say in life are hello for the first time and goodbye for the last! We don't know why you had to go so soon but we know that we will miss you so. With your happy smile, and your sense of fun, we can't take it in that you are gone. Comadre, you brought joy to every life you touched and you are missed. But, a beautiful soul lives on forever and memories of you we will always treasure. Now your spirit has been set free to be with God, and your mom. I will pray for your babies that you loved so much, for them to find peace and joy remembering you! Love you Comadre ☐🕊️

“ Hey Cyndi, we miss you so much. We'd joke about how we were going to be those *senoras* in the memes drinking mimosas and saying bad words. You always held me accountable gave the best advice and were my go to for remedios when my kids were sick. Thank you for being a good friend and a great comadre. See you in heaven one day fairy godmother.

“ My beautiful Cynthia. 😔💕 I know. I would always tell you this every time we got the chance to talk but I will say it again. I will forever be thankful for you friend. You help a homegirl out when i felt hopeless and you gave me your word and kept it. 🙌 Thanks to you I had gotten hired at the Stanton clinic years ago. You hooked me up & told me I got you friend & you did not only where we friends but also coworkers. You were the one who trained me. I remember I would get stressed out and overwhelmed because I felt like i couldn't do it cuz how busy the clinic would get with patients, I would put myself down. You would tell me don't say that about yourself if I can do it, you can too. You would tell me yes you can you watch and I did it. You told me you will get so good at your job and kick ass and I did thanks to you. You even bought me a cute pink crop top that I still have till this day I remember walking in and I seen this gift bag on the desk. You had a big smile and said here love this is for you. You are doing so great. I will always remember the fun memories we had at work together even outside of work, working together, made us closer I will always remember the fun memories we shared. 🗨️🗨️ we might if not talked all the time or seen each other often but when we did talk it was priceless always spreading love to each other wishing each other the best. the clinic was amazing job we both once worked at. that's where I also met espi and Pam who are also your friends and became my friends. We will forever be coworkers and friends my beautiful Cynthia. We love you so much. You we're so loved friend. You were a special person. This still makes me feel so sad knowing that you are gone. 💔🕊️ I just get so sad and think about your kids. I know how much you loved them & how much they meant to you. Life can be so unfair at times & as much as we don't understand why thing's happen or why some of our love ones go so early. I pray god gives your kids & family the strength they need at the moment. 🙏 May your beautiful soul RIP 🌸 I will forever hold you in my heart and remember your beautiful smile friend. We love you Cynthia.

“ *Cyndi,
I don't even have the words to express the immense love and respect I have for you. I feel so grateful to have met you and shared so many memories with you and the boys. From laughter to tears, there wasn't a single day without a bright smile on your face.*

I've never had a friendship like ours—more like sisters. The girls and I will always keep your memory alive. Watch over all of us, especially your boys, who were your entire world. We know you're now embraced by your mom and Joey. ❤️

It's my turn to say it like we always did: I love and miss you, Cyndi. Forever and always. ❤️ Save a spot for me. 🕊️💔💔💔

“*Cyndi, you were once a part of my family and still are in our hearts and I thank you for being in our life's, you showed us much love and for that I thank you. I will never forget the memories that we've spent and shared together as a family in my home. You were always smiling, laughing and joking that you always looked so happy.
