“ *Dwight and I shared twenty years of our lives together. When I look back I only remember the good times we shared. He was a wonderful father and loving husband. The world took us in different directions but we remained loving friends and with deep sadness I will always have a place in my heart for him. He has passed way to soon and will deeply missed by many.*

“ *We have (had) a lot of women living alone in our neighborhood and it seems we always need help with something! Dwight was the 'go to guy' always willing to help. he was a great neighbor and he raised a wonderful son. I hope Justin and the entire Dalzell find comfort in the memories of Dwight and the knowledge that he was kind.*

“ Dwight is my cousin, I have many good memories, but one that stood out a lot was his kindness at a very young age. He took a friend of mine to Prom, she was a very shy and insecure girl and when I asked him if he would do me this favor he didn't even hesitate and she had a wonderful night and a memory she'd keep forever!! We also spent a lot of fun times together in my uncle Dave's scout going to the drive- in movies at their house in north Hollywood summer at Balboa island. But like a lot of families as adults we grew apart ! My thoughts and prayers go out to his son Justin. And please 🙏 Dalzell family don't repeat the past and get greedy respect his sons grieving and keep your grubby little hands to yourselves!! Love ya Dwight !! Always remember our good times with you !!! And Robin...fun summers God Bless....Erin
