“ *My condolences to the family of Eloise Poston for such a huge loss, one that I share. I remember a time when she escorted her son Scott and I to the Drake Union on the Ohio State University campus. At the time Scott and I were roughly 10 to 12 years old. The outing was playful in nature. I think we went bowling. To this day I remember how comfortable I felt there, and that Mrs. Poston was the person that introduced me to the university and a college education. It was the one and only university to which I applied in high school. Ohio State University was the 1st of 6 colleges, business schools and universities that I have attended throughout my career in computer science. Thank you Mrs. Poston for positively affecting my life.*
