“ *Dad I miss you so much. I miss your jokes and how you tell stories. They were so entertaining listening to you talk about things you did in the past. I miss you clowning us all the time. I miss your laugh and smile. I miss your presence. I love you. See you later dad* ☐

“ I remember when I was little my dad would let us sit in his lap while he drove and would let us “drive”. We would just steer the steering wheel but my sister and I would get so excited when he let us do that. But when I actually learned how to drive when I got older it was my dad who taught me. He made me the driver I am today. We drive the same and we would smile/laugh about it all the time. I love you and I miss you dad. Wish you were still here. □
