“ I have so many memories of my interactions with Kay win chamber music and orchestra when she and I were both students while I was in high school and college. Unfortunately, after she graduated from college our paths rarely crossed and we connected only remotely during our career years, but I know that she was widely respected and that she meaningfully touched so many lives! I remember her as not only as an excellent violinist and musician but also as a very caring person, as was already evident in her teaching that I observed before I myself graduated from college.

I sincerely lament the loss of a good friend. I know that she left many wonderful memories and will be greatly missed. Her family and many California friends have my deepest condolences.
