“ *My condolences to Ron and other family.. I have happy memories of Norma. Some ten years younger than the teenaged Norma she was a hero to me. She then lived next door with her mother, brother and his family, including her niece and my best friend, Beverly. Norma was kind and patient with us and joined us in caring for the neighborhood cats and kittens. I can still see her sitting in our picnic table “fort” the day she named a feisty orange kitten Screwball Jackson.*
