“ *Coach Bobby was the best coach I could've ever ask for. Throughout my 6 years with him, I've become a better athlete due to the motivation and dedication he's provided for me. I would always be excited when we had practice, because anything I did wrong or right, he would always be positive no matter what. I still remember the game we lost, I scored about 20 points, and he told me after it was over, "you are better than any of those guys on the basketball, if you had the right coach and trainer, you can exceed to higher levels. From 2014 till 2019 coach Bobby has made me the best basketball player I could ever ask for. I will never forget the name of Robert Wayne Carstens II.*
