“ *There are no words to describe how much I miss you. I think of you everyday, wishing that you were still here, but like everyone said, God needed an angel and he got the most amazing, most loving, most unique, most determined and hard working angel out there. I love you mommy, you will forever and always be in my heart.

Twyla, May your spirit soar beyond the realms of our human comprehension. You made a difference in this world. Your legacy is your children that walk here with your love, courage, and passion, to do good works and make this world a better place.
